Partnership Proposal
November 10, 2026
Prepared for Molave Travel

3UK Philippines × Molave Travel Partnership Proposal

Travel eSIM partnership for Molave Travel travelers

> 3UK Philippines proposes a partnership with Molave Travel so your travelers can buy 3UK travel eSIMs through you. You choose how: resell at partner prices, or refer and earn a commission.

Your travelers need mobile data the moment they land. With a 3UK eSIM they scan one QR code before the trip: no roaming charges, no pocket WiFi to return, and no hunting for a local SIM at the airport.

1 About 3UK Philippines

- **Who we are:** a DTI- and BIR-registered travel eSIM business based in Taguig City.
- **What we sell:** prepaid data eSIMs for single countries, regions (Asia, Europe, South America and more) and global plans, from 1-day passes to 180-day plans.
- **How customers buy:** our website (3ukph.com), Facebook Messenger and WhatsApp, with an AI sales assistant that answers 24/7.
- **Payment:** GCash, Maya and cards through PayMongo.
- **Delivery:** the eSIM QR code and receipt arrive automatically by chat and email right after payment. Customers can check their remaining data online anytime.

2 Option A: Reseller Partner

Molave Travel buys eSIMs at partner prices and sells them at your own price. At our retail price you keep about **10–13% per sale**, and you can charge more if you bundle eSIMs into your tour packages.

- **How you order:** through our chat assistant on Messenger or WhatsApp as a registered partner, or by message to us. The QR code arrives within minutes, ready to forward to your traveler.
- **How you pay:** top up a prepaid partner wallet (GCash, Maya, bank transfer or card), and each order is deducted from it. Your chat assistant shows your balance and order history.
- **Pricing you see:** for every plan, the assistant shows the retail price, your partner price and your profit.

Sample plan	Retail price (PHP)	Your partner price (PHP)	Your profit at retail (PHP)
Japan Unlimited, 3 days	159.90	126.00	33.90
Japan 10GB, 15 days	488.80	421.00	67.80
China 10GB, 30 days	515.45	446.00	69.45
South Korea 10GB, 30 days	378.95	323.00	55.95
Europe 10GB, 30 days	624.00	562.00	62.00
Global Max 10GB, 30 days	3,084.25	2,771.00	313.25

Prices follow our supplier price list and may change. Higher monthly volume can unlock a better partner tier.

3 Option B: Referral Partner

Molave Travel links travelers to 3UK and earns **8% of every paid order** they make, with no stock, payments or support to handle.

- **How it works:** we give you your own Molave Travel link and code. You place them on your website's international package pages, booking confirmations and social posts.
- **What your traveler does:** they order through our website or chat assistant, pay us directly, and get their QR code instantly.
- **Tracking:** every order made through your link or code is recorded under Molave Travel. You get a monthly statement of orders and commission.
- **Payout:** monthly by GCash or bank transfer, once your commission reaches PHP 500 (smaller amounts roll over to the next month).

Example: a traveler buys China 10GB, 30 days for PHP 515.45, and Molave Travel earns PHP 41.24.

4 Which Option Fits

Reseller suits you if you bundle eSIMs into packages and handle your own customers. Referral suits you if you want earnings with no work after the link is placed.

	Option A: Reseller	Option B: Referral
Your earnings	About 10–13% at retail price, more if you price higher	8% of every paid order
Who sets the price	Molave Travel	3UK (our retail price)
Who collects payment	Molave Travel	3UK
Upfront money	Prepaid wallet top-up	None
Customer support	Molave Travel first, 3UK as backup	3UK
Best for	Tour packages and group bookings	Website links and social posts

You can also start with Referral and switch to Reseller later, or use both.

5 What 3UK Provides

- **Instant delivery:** QR code, install steps and receipt by chat and email, 24/7.
- **Customer support:** install help and troubleshooting on WhatsApp (+63 934 706 9356) and Messenger.
- **Ready-to-post content:** product images and captions you can use on your website and social pages.
- **Partner chat assistant:** order, check prices and your profit, and see your history anytime.
- **Data check page:** travelers can check their remaining data at 3ukph.com with their ICCID.
- **Plan advice:** we help match the right eSIM to each itinerary, including multi-country and cruise trips.

6 Key Terms

- **Payments:** reseller orders are paid from the prepaid wallet before delivery. Referral commissions are paid monthly by the 10th of the following month.
- **Refunds:** an eSIM that fails to install or connect because of our network is replaced or refunded in full. An eSIM already installed or used cannot be refunded for change of plans. Travelers must check that their

phone supports eSIM and is not carrier-locked before buying.

- **Support:** for reseller sales, Molave Travel handles first contact and 3UK backs you up on technical issues. For referral sales, 3UK handles all support.
- **Branding:** each side may use the other's name and logo only to promote this partnership.
- **Term:** the partnership runs month to month. Either side can end it with 30 days' written notice; commissions and wallet balances earned before that are settled in full.

7 Next Steps

1. Molave Travel chooses Option A, Option B, or both.
2. 3UK sets up your partner account or your referral link and code within 2 business days.
3. We share product images and captions for your international package pages.
4. We review results together after the first 30 days.
